**Subject:** [REDACTED] - Potential NBDTI project for ICIP IBA Funding

Good Morning Folks,

As a follow up to our conversation yesterday, attached is the NR Can application documentation (business plan/case) for our [REDACTED] project submitted to Natural Resources Canada for funding under their "Green Construction through Wood" (GCWood) program.

[REDACTED]

As mentioned yesterday would it be possible to submit this project for federal funding with Infrastructure Canada under the ICIP IBA Rural and Northern funding stream to provide up to the maximum federal funding stacking of 50% for provincial projects?

If you have any questions or require further clarification please call.

Thanks,

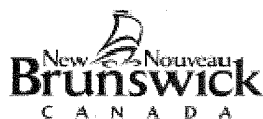

**Jim Doyle**

Hi Denise,

We will do our best. A few follow up questions, have the aces smart form and kml file been received [REDACTED]  
[REDACTED] I will need these to start the aces review. I will also need a working project description for these as well.

As per your previous message, [REDACTED] has been prioritized and we are in the process of completing the aces review.

Thanks,  
Kate

Hi Catherine,

Please see document below.

- a) You have already received the first three ones.
- b) The next ones that should come in within the next week or two maximum are the [REDACTED] and the [REDACTED]
- c) [REDACTED] will be coming by the next two weeks also
- d) [REDACTED] ones have to be prioritized, we will receive a number of them by August.

I expect to have an update on c) and d) this week

Thank you for your question, much appreciated.

Hello Jerome,

Would your group be able to review the attached project descriptions to determine eligibility under the agreement? We have some questions about it so want to have you folks review it and provide some guidance. Thank you.

# Workshop Agenda

Developing a Low-Carbon Canada through assessing the environmental impact of infrastructure projects using life cycle assessment

**October 10, 2018**

**09:00 – 16:00**

**Location: The Kelvin Room, M36, NRC, 1200 Montreal Road, Ottawa**

**Main Objective:** To discuss how the goal of reducing GHG emissions in Canada can be supported through life cycle assessment of infrastructure projects, and build support for a new, robust, Canadian Life Cycle Inventory Database.

**Organizations in attendance:** A range of industry, government, private and academic organizations are in attendance. Please see full list below.

Start	Agenda Item	Objectives
09:00	<b>Settle in and Welcome</b> ➤ [REDACTED] TBS: "The Treasury Board Secretariat and its Centre for Greening Government"	Introduce format for this event and range of participants. Identify the challenge, desired outcome and vision.
09:30	<b>A national collaborative initiative to assess environmental impact of construction materials in infrastructure projects</b> Discussion Leaders: [REDACTED] Outline: ➤ Objectives ➤ What would need to be developed ➤ Models for a national collaborative initiative ➤ Opportunities to participate	To share project goals, what would need to be accomplished, and potential models for collaboration
10:00	<b>Identifying Outcomes</b> Discussion Leader: [REDACTED] Outline: ➤ Introduction of session purpose ➤ Breakout group activity ➤ Group discussion	To develop a shared vision of the outcomes for a successful implementation of national life cycle assessment of construction materials
11:10	<b>Health break</b>	
11:25	<b>Identifying needs and gaps (Part 1)</b> Discussion Leaders: various (see below) Short talks: ➤ [REDACTED] Zizzo Strategy: "Insights from recent LCAs on Canadian	To understand unique Canadian perspectives on implementing LCA. To understand key gaps and

	<p>construction projects – gaps for consideration"</p> <p>➤ [REDACTED] ASMI "Athena's vision for LCA of infrastructure systems"</p> <p>Quick wrap up before lunch</p>	challenges that are currently being faced when utilizing LCA.
<b>12:00</b>	<b>Lunch (Provided)</b>	
<b>12:45</b>	<p><b>Identifying needs and gaps (Part 2)</b></p> <p>Discussion Leaders: various (see below)</p> <p>Short talks:</p> <p>➤ [REDACTED] CIRAIG: "CIRAIG's experiences developing a Quebec LCI database and vision for the future"</p> <p>➤ [REDACTED] CAC: "Cement Association of Canada's Sustainability initiatives and use of LCA/LCCA"</p> <p>➤ [REDACTED] NRCan: "Update on NRCan's workshop on LCA for wood construction and next steps"</p> <p>➤ Group discussion: What are the key learnings/takeaways?</p>	To understand unique Canadian perspectives on implementing LCA. To understand key gaps and challenges that are currently being faced when utilizing LCA.
<b>13:30</b>	<p><b>Developing Roles</b></p> <p>Discussion Leader: [REDACTED]</p> <p>Introduction to session</p> <p>Break-out groups by sector: Industry, Government, Practitioner, Academic/Other (self-select)</p> <p>Short Group presentations</p>	Identifying what roles each stakeholder group can play in developing a national LCI database
<b>14:15</b>	<b>Health break</b>	
<b>14:30</b>	<p><b>Ongoing Funding and Collaboration</b></p> <p>Discussion Leaders: [REDACTED]</p> <p>➤ Future collaboration and funding models</p> <p>➤ Group discussion</p>	Provide group feedback and brainstorm ideas as to how this initiative continues to operate once established.
<b>15:15</b>	<p><b>Closing Thoughts</b></p> <p>Group discussion: All</p>	Identify learnings and opportunities: What is the one thing you got out of today's session, and want to see happen in the future?
<b>15:30</b>	<p><b>Next Steps</b></p> <p>➤ Summary of next steps (including Governance, Scope Refinement, Participation, Funding)</p>	
<b>15:40</b>	<b>End</b>	

Workshop location (M36 highlighted yellow):
